

Holy Cross School parents and alumni, Holy Cross parishioners, and interested members of the community are invited to attend an informational/organizational meeting regarding the Holy Cross Rumson Educational Foundation Wednesday, February 20th at 7:30 pm in the Holy Cross School Library. Organizers will share their preliminary vision for the organization, solicit ideas and questions, and present opportunities for involvement, including volunteering, committees, Board membership, in-kind assistance, and more.

The Foundation is a 501(c)(3) organization created to promote and support Catholic education in Rumson and surrounding areas. Its three initial objectives are to establish a grant fund to underwrite significant emergent operational and instructional purchases that might otherwise go unfunded; establish an endowment to provide a long-term income stream for significant expenditures and capital improvements; and put in place a structure to conduct future major capital campaigns. It will be governed by a Board of Trustees that will work closely with Holy Cross School's Principal and Director of Development and Grants in developing the legal and financial structures, and in identifying potential Board members, volunteers, and donors.

If you have any questions, we encourage you to attend this important meeting, and invite you to reach out to Holy Cross School's Director of Development and Grants, Peter Lyden, at 732-842-0348 ext 1268 or via email at plyden@holycrossrumson.org.
